

Third Party Software Permissions

Belconnen High School is committed to providing a technology rich environment for our students as our community believes the use of Information and Communication Technology (ICT) is fundamental in assisting teaching and learning in all areas of the school curriculum.

The use of web-based learning resources and cloud-based storage has risen steadily over the last decade and are increasingly being used by teachers across the Directorate to improve student learning outcomes. Teachers make decisions designed to assist students in their learning. Sometimes it is beneficial for the student to utilise services provided by third party web-based providers. Types of services provided by these service providers include online content creation, collaborative tools, online educational games and various administrative programs for tracking student assessment data.

By consenting to these permissions, parents are enabling students to access third party websites and this may require students to create an account with a provider. This requires some personal information about the student in your care, we are obliged under the Information Privacy Act 2014 to advise you of the reasons for collecting the information, what will be done with it, the consequence of not collecting it and who else may have access to it.

The following providers have been identified as being a useful component in the teaching programs in many classes at Belconnen High School. To assist you in deciding whether to give consent, the sites identified are listed overleaf with the description of the type of service/program together with the website address and a link to the provider's privacy policy and terms and conditions of use. You are not required to consent – this is a matter entirely at your discretion.

The form for you to consent is a digital Microsoft form that can be accessed [here](#). If you require an alternative format, please reach out to the school.

Australian Council For Education Research-Progressive Achievement Testing

- **Website:** <https://www.acer.org/au/pat>
- **Terms & Conditions:** <https://www.acer.org/online-terms-of-use>
- **Privacy Policy:** <https://www.acer.org/files/PAT-privacy-statement.pdf>
- **Type of Service:** Standardized online diagnostic assessment and reporting platform used to evaluate student learning progress and diagnostic growth across key subjects
- **Student Information Provided:** First Name, Last Name, Date of Birth, Gender, Student ID / School Email, Assigned Class Roll / Year Level, and Student Test Responses/Scores
- **How Information is Used:** Account creation, delivering online diagnostic tests, generating individual and class-level achievement reports, identifying student learning needs, and tracking long-term academic growth.
- **Disclosed To:** ACER cloud infrastructure sub-contractors Amazon Web Services and authorised School IT Administrators and Teachers.
- **Location Held:** Australia
- **Faculty:** All Faculties

Adobe Creative Cloud Suite

- **Website:** <https://www.adobe.com/au/creativecloud.html>
- **Terms & Conditions:** <https://www.adobe.com/au/legal/licenses-terms.html>
- **Privacy Policy:** <https://www.adobe.com/au/privacy/policy.html>
- **Type of Service:** A collection of professional design software (including Photoshop, Illustrator, and Premiere Pro) used by students to create graphics, edit photos, produce videos, and design digital artwork.
- **Student Information Provided:** First Name, Last Name, School Email via Google Single Sign On
- **How Information is Used:** Account creation, SSO login, app access provisioning, and cloud project storage.
- **Disclosed To:** Adobe cloud infrastructure sub-contractors such as Amazon Web Services and Microsoft Azure Cloud & School Administrators.
- **Location Held:** Australia & United States
- **Faculty:** Arts/Technology

Atlas of Living Australia

- **Website:** <https://www.ala.org.au/>
- **Terms & Conditions:** <https://www.ala.org.au/terms-of-use/>
- **Privacy Policy:** <https://www.ala.org.au/terms-of-use/privacy-policy/>
- **Type of Service:** A national online database that aggregates biodiversity information, allowing students to explore species data, habitats, and environmental maps for science projects.
- **Student Information Provided:** First Name, Last Name, School Email
- **How Information is Used:** User account setup, saving observation data, and profile management.
- **Disclosed To:** CSIRO infrastructure & Administrators.
- **Location Held:** Australia
- **Faculty:** Science

Autodesk

- **Terms & Conditions:** <https://www.autodesk.com/company/terms-of-use/en/general-terms>
- **Privacy Policy:** <https://www.autodesk.com/company/legal-notices-trademarks/privacy-statement>
- **Type of Service:** A suite of professional 3D design software (such as AutoCAD and Fusion 360) used by older students for advanced engineering, architectural drafting, and 3D modeling.
- **Student Information Provided:** First Name, Last Name, School Email, School Name
- **How Information is Used:** Educational eligibility verification, account creation, and 3D file cloud storage.
- **Disclosed To:** Autodesk cloud sub-contractors such as Amazon Web Services & School IT Administrators.
- **Location Held:** United States
- **Faculty:** Arts/Technology

Big Science Competition

- **Website:** <https://asi.edu.au/program/big-science-competition/>
- **Terms & Conditions:** <https://asi.edu.au/terms-conditions/>
- **Privacy Policy:** <https://asi.edu.au/privacy-policy/>
- **Type of Service:** Online science competition for Year 7 to 10 students assessing critical thinking, inquiry, and problem-solving skills aligned with the Australian Curriculum – Science.
- **Student Information Provided:** First Name, Last Name, Date of Birth, Gender / Demographics, School Email Address, Assigned Year Level, and Student Exam Responses/Scores.
- **How Information is Used:** Student authentication and competition access, administering exam questions, recording student responses, issuing performance certificates, producing school/state/national diagnostic reports for teachers, and running student prize draws.
- **Disclosed To:** ASI cloud hosting infrastructure authorised School Science Teachers/Administrators (via the secure ASI Teacher Portal)
- **Location Held:** Australia
- **Faculty:** Science

Blooket

- **Website:** <https://www.blooket.com/>
- **Terms & Conditions:** <https://www.blooket.com/terms>
- **Privacy Policy:** <https://www.blooket.com/privacy>
- **Type of Service:** An arcade-style learning game where students answer quiz questions to unlock power-ups and play embedded mini-games, making classroom review fun and engaging.
- **Student Information Provided:** First Name, Last Name, School Email via Google Single Sign On
- **How Information is Used:** Account provisioning, game participation, and quiz progress tracking.
- **Disclosed To:** Hosting infrastructure sub-processors Amazon Web Services and Cloudflare.
- **Location Held:** United States
- **Faculty:** English

Book Creator

- **Website:** <https://bookcreator.com/>
- **Terms & Conditions:** <https://bookcreator.com/privacy-policy/terms-of-service/>
- **Privacy Policy:** <https://bookcreator.com/privacy-policy/pp-row/>
- **Type of Service:** A beginner-friendly publishing tool that lets younger students write, design, and publish interactive ebooks filled with text, drawings, photos, audio, and video.
- **Student Information Provided:** First Name, Last Name, School Email, School Name
- **How Information is Used:** Account setup, classroom roll assignment, and ebook hosting.
- **Disclosed To:** Google Cloud Platform sub-contractors & School Administrators.
- **Location Held:** United States
- **Faculty:** English

Canva

- **Website:** https://www.canva.com/en_au/
- **Terms & Conditions:** <https://www.canva.com/policies/terms-of-use/>
- **Privacy Policy:** <https://www.canva.com/policies/privacy-policy/>
- **Type of Service:** A graphic design platform with drag-and-drop templates that helps students build visual projects like posters, slide presentations, infographics, and video edits.
- **Student Information Provided:** First Name, Last Name, School Email, School Name
- **How Information is Used:** Account provisioning, classroom team collaboration, and design storage.
- **Disclosed To:** Canva infrastructure sub-contractor Amazon Web Services & School Administrators.
- **Location Held:** Australia & United States

Clickview

- **Website:** <https://online.clickview.com.au/login?returnUrl=%2F&prompt=true>
- **Terms & Conditions:** <https://www.clickview.com.au/terms-and-conditions/>
- **Privacy Policy:** <https://www.clickview.com.au/privacy-policy/>
- **Type of Service:** A curated educational video platform that provides teachers and students with age-appropriate, curriculum-aligned educational videos, documentaries, and interactive clips
- **Student Information Provided:** First Name, Last Name, School Email via Education Directorate Single Sign On
- **How Information is Used:** Single Sign-On, personalised video portal access, and viewing logs.
- **Disclosed To:** ClickView infrastructure sub-contractors Amazon Web Services & School Administrators.
- **Location Held:** Australia
- **Faculty:** All KLA's

Codecademy

- **Website:** <https://www.codecademy.com/>
- **Terms & Conditions:** <https://www.codecademy.com/terms>
- **Privacy Policy:** <https://www.codecademy.com/policy>
- **Type of Service:** An online learning platform that teaches computer programming languages (like Python, HTML, and JavaScript) through hands-on coding lessons and immediate feedback.
- **Student Information Provided:** First Name, Last Name, School Email
- **How Information is Used:** Account creation, coding progress tracking, and skill assessments.
- **Disclosed To:** Infrastructure sub-contractors Amazon Web Services and Google Cloud Platform & School Administrators.
- **Location Held:** United States
- **Faculty:** Arts/Technology

Codepen

- **Website:** <https://codepen.io/>
- **Terms & Conditions:** <https://blog.codepen.io/documentation/terms-of-service/>
- **Privacy Policy:** <https://blog.codepen.io/documentation/privacy-policy/>
- **Type of Service:** An online development environment where web design students can write HTML, CSS, and JavaScript code and instantly preview the resulting website on screen.
- **Student Information Provided:** First Name, Last Name, Username, School Email
- **How Information is Used:** User account creation and front-end code snippet (Pen) cloud storage.
- **Disclosed To:** Cloud infrastructure sub-contractors Amazon Web Services and Google Cloud Platform.
- **Location Held:** United States
- **Faculty:** Arts/Technology

Cricut

- **Website:** <https://design.cricut.com/>
- **Terms & Conditions:** <https://cricut.com/en/legal>
- **Privacy Policy:** <https://cricut.com/en-us/legal#privacy-policy>
- **Type of Service:** An electronic cutting machine and design software system that allows students to transform digital artwork into physical projects.
- **Student Information Provided:** First Name, Last Name, School Email
- **How Information is Used:** Software account creation and saving vector craft design projects.
- **Disclosed To:** Cloud infrastructure sub-contractor Amazon Web Services.
- **Location Held:** United States
- **Faculty:** Arts/Technology

Duolingo

- **Website:** <https://www.duolingo.com/>
- **Terms & Conditions:** <https://www.duolingo.com/terms>
- **Privacy Policy:** <https://www.duolingo.com/privacy>
- **Type of Service:** A gamified language-learning app that uses short daily lessons, listening drills, and vocabulary challenges to help students practice new languages.
- **Student Information Provided:** First Name, Username, School Email
- **How Information is Used:** Language lesson tracking, classroom leaderboards, and account setup.
- **Disclosed To:** Hosting sub-contractors Amazon Web Services & Classroom Teachers.
- **Location Held:** United States
- **Faculty:** Languages

Edpuzzle

- **Website:** <https://edpuzzle.com/>
- **Terms & Conditions:** <https://edpuzzle.com/terms>
- **Privacy Policy:** <https://edpuzzle.com/privacy>
- **Type of Service:** An interactive video tool where teachers embed pause points, commentary, and comprehension questions directly inside educational videos to check student understanding.
- **Student Information Provided:** First Name, Last Name, School Email
- **How Information is Used:** Video activity tracking, comprehension quiz grading, and roster sync.
- **Disclosed To:** Hosting sub-contractors Amazon Web Services & Classroom Teachers.
- **Location Held:** United States
- **Faculty:** All KLA's
