

Belconnen High School

COURSE OUTLINE Semester 2, 2026

Course Title: **9 Sculpture**
Faculty Head: Jo Hopman

Faculty: **The Arts**

Description of Course

Sculpture introduces students to a range of three-dimensional art materials, both traditional and contemporary, to create their own artwork. With references to some of the world's most recognised sculptures, statues and monuments, from realism to pure abstraction; students experience working through various multi-stage processes in developing their art. Modelling, chiselling, carving and casting are the featured practical skills students will develop in this course along with an aptitude for pushing the boundaries of a given material and problem-solving through various design stages.

Learning Outcomes

- Analyses how and why visual conventions, visual arts processes and materials are manipulated in artworks they create and/or experience
- Draws on inspiration from multiple sources to generate and develop ideas for artworks
- Documents and reflects on their own visual arts practice
- Uses knowledge of visual conventions, visual arts processes and materials to create artworks that represent and/or communicate ideas, perspectives and/or meaning
